

the ULTIMATE in vehicle protection

PAINT PROTECTION

HIGH GLOSS PAINT PROTECTION

- Stops paint from fading and oxidizing
- No ugly buffing and polishing marks
- Protects against the sun's damaging UV rays
- Easier colour matching for touch-ups or panel work
- Locks in the shine, maintaining that new car look
- Protection from road grime, rain & atmospheric pollutants
- No need for waxing and polishing
- Helps protect against road grime, acid rain and atmospheric pollutants
- Retains greater vehicle resale value

ENVIROSHIELD PAINT FINISH

21ST CENTURY TECHNOLOGY

- Provides the 'ultimate' in high gloss protective coating
- Outstanding stain resistance against environmental and organic contaminants
- EnviroShield is highly durable, hard, long lasting finish
- Unlike conventional paint sealants and polishes, EnviroShield doesn't form an airtight barrier over the vehicle's paintwork, allowing it to breathe
- Contains patented biodegradable components (not soluble in water)

And how to keep that long lasting shine?

To ensure a great looking finish that lasts and lasts, simply wash your vehicle at regular intervals with EnviroShield's Wash Renewer Concentrate, and you'll be assured of keeping that showroom shine!

INTERIOR PROTECTION

FORMS AN INVISIBLE PROTECTIVE BARRIER

FABRIC & CARPET PROTECTION

- Provides strong and effective stain resistance
- Seals and strengthens fibres.
- Easy care, stains and spills are wiped away
- Helps preserve original appearance
- Helps protect against fade from UV damage
- Liquid stains and spills will simply blot-up.
- Non-toxic and odourless, once cured.

VINYL & LEATHER PROTECTION

- Penetrates and permanently seals the surface
- Provides UV protection
- Keeps hard vinyl and leather surfaces supple
- Helps protect against scuffing and stains
- Seals the surface area, helping to prevent cracking, fading and discolouration
- Extends the life of vinyl and leather
- Low maintenance - no re-application required

ELECTRONICS

VEHICLE SECURITY

- All systems are user-friendly and latest technology
- Manufactured to meet insurance approval & Australian Standards. (AS3749-2)
- Premier Remote Alarm, sophisticated and fully-featured
- 2-way pager & Security System; the ultimate in 2-way systems
- Upgrade Security Systems; upgrade your vehicle immobiliser

SAFETY SYSTEMS & IN-CAR ENTERTAINMENT

This growing range of MotorOne's safety systems and in-car entertainment options include:

- Front and rear parking distance sensors
- Portable and in-car satellite navigation systems
- In-car DVD
- Cruise control
- In-car hands free kit including Bluetooth
- Rear vision reverse camera systems

the ULTIMATE in vehicle protection

RUST PROOFING PROTECTION

THE ULTIMATE IN RUST PROOFING

UPPER BODY PROTECTION

A unique wax based rust proofing solution developed by MotorOne.

- Protects and seals internal surfaces.
- Penetrates and seals joints and seams in:
 - Tail lights, head lights and mountings
 - Doors and window sills
 - Boot internals
 - Inner guards
 - Under bonnet and engine bay

UNDER BODY PROTECTION

Provides a protective shield, seals out air, water salt and road grime.

- Thixotropic compounds completely seal metal components.
- Self healing over minor scratches and scrapes, inhibits ability to form rust.
- Conforms to Australian Standards for anti-corrosion products (AS2662-1 & AS2662-2).
- Assists in neutralising any existing rust, helping to reduce its spread.

RUSTSTOPPER

PROTECTION, PREVENTION, PEACE OF MIND

Rustopper is the most advanced electronic anti rust treatment in the world, protecting your vehicle in areas other rust proofing can't reach. The module employs state of the art embedded computer controls to generate high speed pulsed current action to reduce iron loss or corrosion, safeguarding against rust developing in the vehicle.

- 100% environmentally friendly and chemical free.
- Helps prevent scratch and stone chip corrosion from spreading.
- Laboratory tests demonstrate a reduction in the corrosion process by as much as 80%, effectively doubling your vehicle's life span against rust and corrosion.
- A unique voltage regulator shuts off the unit if the vehicle battery voltage drops below 11.5 volts. The unit draws 11 milliamps (about the same as a digital dashboard clock)
- Complements underbody rust applications by treating 'above the window sills'
- The Ruststopper system can be transferred to another vehicle upon sale of your car.
- The RustStopper system carries a Lifetime Warranty on new vehicles against corrosion.
- Some conditions apply, refer warranty conditions for full details.

UNDERBODY SOUND DEADENER

HELPS DEADEN ROAD NOISE AND CUT DOWN VIBRATIONS

- Rubber-based, self-healing compound
- Helps insulate against extreme temperatures
- Keeps you cooler in summer and warmer in winter
- Total all-round chassis protection when combined with MotorOne Rust Proofing
- Helps to dramatically extend the life of your car
- Deadens road noise
- Cuts road vibration
- Thixotropic compounds completely seal metal components
- Insulates and coats underbody surfaces:
 - Metal Surfaces
 - Wheel Arches
 - Weld Joints
 - Seams

TITANIUM WINDOW TINT

THE ULTIMATE PROTECTION UNDER THE SUN FOR SAFER, COOLER DRIVING

- Cuts out almost 99% of damaging ultra violet rays.
- Reflects up to 60% heat, lowers cabin temperature, reduces the load on your air conditioner and helps save fuel
- Helps hold shattered glass together in the unfortunate event of an accident
- Offers maximum privacy, offering security for items left in the car
- Patented scratch-resistant coating helps extend the life of the film with good looks that will last and last
- Lifetime Warranty
